## Alumni Day a Huge Success

Written by: Samantha Howell

December 20<sup>th</sup> and Greg Harvey, two of former graduates came back to Whiteoak to share their opinions and experiences of college life. The alumni were able to answer many of the questions that students had about what college is really like. Whether the questions were about sports, tuition, or the campus itself, students were put at ease with the reassuring answers given in return. Alumni Day ended with the senior vs. staff game. Bobby Hunt

and Greg Harvey, two of the alumni, were able to stay and enjoy the game as well, being the referees of the game. In all, Alumni Day was a great success. It was well worth the time to listen to the former grads and hear what college is all about. Thanks to all alumni who participated in the experience.

Pictured above are the WHS alumni who were guest speakers for alumni day.

## Senior Spotlight

Written by: Britanni Cresie

Anna Calhoun got picked for the Senior Spotlight this week. She was born September 22, 1989 in Hamilton, Ohio. She is the daughter of Vicki and Ray Calhoun. On Anna's free time she likes to hang with friends and her boyfriend, listen to music, and write poetry. Her favorite color would have to be pink without a doubt. Her favorite

stores to shop at, she said, are Hollister and American Eagle. I asked her what her favorite class was here at Whiteoak and she said "Lunch Duh!!" Anna's plan after she graduates high school is to go to SSCC then transfer to Shawnee to major in some type of criminal justice.

**Dan Cooper, vanished without a trace, 11/24/1971**

*Written By: Briana Hooley, Heather Brewer, Steven Robinson, Stephanie Westfall*

Dan Cooper jumped from a Boeing 727 that he had hijacked as it was above the Pacific Northwest, somewhere over the Cascade Mountains. The FBI believes that Dan didn't survive the jump. The FBI has DNA from a tie, which was left behind, in the hijacked 727. Dan had a parachute when jumping and neither one, Dan nor the parachute, have been found. The FBI believes that Dan would have had a difficult time determining where he was landing, so he couldn't have had an accomplice awaiting his arrival. The FBI arrested a man by the name of D.B. Cooper because of a miscommunication with the media, which to marked him as a significant suspect.
