

# WHITEOAK HIGH SCHOOL WEEKLY WILDCAT

Volume VI, Issue 20    March 5, 2010

## National FFA Ag Week at WHS

Written by: Ashley Frazer

Last week was National FFA Week. To celebrate there were events and a daily question. Thank you to all who participated and answered questions. Miss LaPine's 1<sup>st</sup> period class was the winner. To top the week off, there was a cookout for all FFA members on Friday. The events that took place were: Monday-Game Day, Tuesday-Orange and Black Day, Wednesday-Represent your Equipment,

Thursday-Carhartt and hat Day, and Friday-Blue and Gold Day, along with a cookout.

## Lunch and Learn with Mrs. Stratton

Written by: Bailey Walker

On Monday, March 1, a group of Whiteoak sophomores and juniors listened to a guest speaker during lunch and study hall. Mrs. Nichole Stratton, a former employee of ABX Air, spoke about the importance of college, continuing education, and interview skills. The students said they

enjoyed the speech and understood the importance of the subjects she spoke about. After their talk, the students enjoyed pizza and pop, funded by OACHE.

## Senior Spotlight

Written by: Kristen Seip

This week's senior spotlight is on Ben Barnett. Ben's mom and dad are Bob and Mary Barnett. He has two brothers, Ryan (26), and Robbie (21). Ben's favorite subject in school was P.E., and his favorite teacher is Mr. Veidt.

If he could go anywhere in the world he would go to his home, because he loves it there. If he could be any super hero he would be Spider Man because he can climb walls. Ben is involved in

basketball, baseball, and PSO. His hobbies are: golf, basketball, baseball, reading, and working outside. After Ben graduates, he plans on becoming a physical therapist assistant, then becoming a physical therapist.

## Earthquake in Chile

Written by: Justin Berkley

A massive 8.8 earthquake smashed the country of Chile on February 27. The earthquake was so massive that it is among one of the top five strongest in recorded history. This earthquake was much stronger than Haiti during January. It didn't even double in confirmed deaths. How is this you may be asking? Well, it has to do with the buildings. The Chilean government has a strict policy on building codes, especially when it comes to anti-earthquake laws. Haiti has no codes for earthquake safety, and that was the main cause of the devastation there. Instead of just crumbling, the Chilean buildings bend with the wave.
