

WHITEOAK HIGH SCHOOL WEEKLY WILDCAT

Volume VI, Issue 4 October 9, 2009

October Students of the Month Announced

Written by: Bailey Walker

A round of applause goes to the Whiteoak Jr/Sr High Students of the Month. These students have shown excellence in the past 30 days! They are as follows: 7th – Grant Germann; 8th – Justin Emery; 9th – Savannah Meyers; 10th – Nathan Hauke; 11th – Tiffany Jones, and 12th – Brice Burrier. There are many outstanding students at Whiteoak who are nominated, but only one can be chosen for each grade every month.

Volley for the Cure a Huge Success!

Written by: Bailey Walker

This past Monday was the Volley for the Cure game. Through weeks of fundraising, Whiteoak and Lynchburg-Clay raised over \$2,300! People packed into the gymnasium, all sporting support with a pink article of clothing. Also, congratulations to the JV Varsity girls for winning each of their matches, JV in two straight sets and Varsity in three straight!

Senior Spotlight

Written by: Caleb Jodrey

The senior spotlight this week is on Brice Burrier. His parents are Jill and Carter Stolz. Brice has two sisters: Megan, 16; and Katie, 13; he also has one brother C.J., 10. Brice's favorite subject is psychology and his favorite teachers are Mr. Lanham and Miss Hahn. If Brice could go anywhere, he would go to Ireland because he is 75% Irish and he is proud of it. Brice is involved in squirrel taming. His hobbies are playing guitar and being with his lovely girlfriend, Hannah. If he could be a super hero, he would be Superman, because he has an awesome theme song. Brice's favorite sports team is the Bengals because they are role models and sophisticated. After high school, he plans to move to Los Angeles and make music.

Brice Burrier

Rotating Wheels

The circles appear to rotate when you move your head closer and further away from the screen while looking at the dot in the center.

Megan's Question of the Week

What is your worst pet peeve?

"Men in flip-flops!"
—Zandra Storms

"People that are annoying!"
—Courtney & Casey Valandingham

"People who ask me what my pet peeve is and sweater vests!"
—Mr. Roush

Current Events

Written by: Justin Berkley

Scientists revealed a ring around Saturn so large that it would take 1 billion earths to fill it. The latest discovery was placed in the papers Wednesday. The ring is made of mostly ice and dust particles that are massively spread apart. The reason the ring was never discovered until now was that Saturn doesn't acquire much light and the rings don't reflect the light, but the ring does glow radiation allowing N.A.S.A.'s Spitzer to pick up on the heat coming from the ring.
